

RevNo	Revision note	Date	Signature	Checked
-------	---------------	------	-----------	---------

Note:  
Wavelength division multiplexer (WDM):  
shorter wavelength = between Common and OUT 1 (e.g. 850 nm)  
longer wavelength = between Common and OUT 2 (e.g. 1300 nm)

Treecoupler:  
higher attenuation between Common and OUT 1 (e.g. 10% of full power)  
lower attenuation between Common and OUT 2 (e.g. 90% of full power)
